Accordingly, Her Majesty's loyal subjects throughout the Province of British Columbia are hereby notified in the premises and are requested to give the explorers, should an opportunity present itself, all the help in their power. If the balloon be seen only and no communication be had with the exploring party, it is requested that the following particulars may be noted and communicated either to a local newspaper

or to this office, namely, the day and the hour in which the balloon was seen, the direction of the balloon, and the direction of the wind.

30th June, 1896.

PRESENT:

HIS HONOUR THE LIEUTENANT-GOVERNOR  
IN COUNCIL.

WHEREAS, owing to the lateness of the season, the depth of snow in the mountains is still very great, and thus prohibits many holders of claims on the higher ranges from performing the assessment work required by the Mineral Act during each year; and

Whereas it is desirable, with a view to obviate this difficulty, that an order granting discretionary permission to Gold Commissioners throughout the Province to extend the time for a period of sixty days for the completion of assessment work on such mineral claims as are at this date covered with snow and consequently inaccessible, be made,

On the recommendation of the Honourable the Minister of Mines,

His Honour the Lieutenant-Governor, by and with the advice of His Executive Council, and under the provisions of section 161 of the "Mineral Act, 1896," has been pleased to order, and it is hereby ordered, as follows, that is to say:—

It shall be lawful for the Gold Commissioners throughout the Province to extend the time for a period of sixty days, to date from the 17th day of July, 1896, for the completion of assessment work on such mineral claims as the Gold Commissioners have good cause to believe are at this time inaccessible, in consequence of the depth of snow which covers the said claims.
